

# SeeGrid<sup>®</sup>

POSITION INDICATOR

Optimize efficiency  
during your procedures  
with SeeGrid<sup>®</sup>

## Indication for use

To provide well defined position indicators  
following the body contour.

**AprioMed**

## SEEGRID® GUIDING DEVICE

- A marker for all procedures that require position information to be transferred from the CT image to the patient's skin.
- Increases position transfer accuracy.
- Good visibility in all x-ray based image modalities.

SeeGrid® is made from soft flexible plastic filled with barium to ensure good visibility in all x-ray based image modalities.
